Invest smart

# IAN RISC

## Find the best region to invest in

IAN Risc is a database which uses high-resolution geospatial data to generate a profile of a site, area or supply chain. This profile indicates where tenure risk is likely to cause problems and it has applications for risk professionals of sectors. In addition, it can be adapted to identify a broad range of leading environmental, social and governance (ESG) risks.

IAN Diligence is the business-oriented analysis of hundreds of problematic case studies in emerging and frontier markets. On the basis of this evidence, IAN Diligence provides practical, implementation-ready processes that help companies and investors to counter tenure risk at each stage of the project lifecycle.

The screenshot shows a map of the world with various regions highlighted in different shades of green and brown. A specific location in Egypt is highlighted with a red dot and labeled 'Egypt'. A callout box points to this location with the text 'Click on any region'. Another callout box points to the top-left corner of the map area with the text 'Map for easy selection'. On the left side of the screen, there is a sidebar titled 'SELECT LOCATION' with dropdown menus for 'Comparison Set' and 'Selected locations'. Below these are buttons for 'Add location' (with a latitude/longitude input field) and 'Selected locations' (listing '1 location' from Egypt). At the bottom of the sidebar is a button labeled 'ANALYSE SELECTED LOCATION'.

### Mobile ready

IAN Diligence is the business-oriented analysis of hundreds of problematic case studies in emerging and frontier markets.

This screenshot shows a mobile device displaying the IAN RISC app. It shows two comparison points: 'POINT 0 LAT : 26.349 LONG : 29.487 COUNTRY : EGYPT' and 'POINT 1 LAT : 16.591390 LONG : 31.211321 COUNTRY : ZAMBIA'. Below these are sections for 'Details' (including population and soil type) and 'Additional Information' (also including population and soil type).

This screenshot shows the 'SELECT LOCATION' screen of the IAN RISC mobile app. It features a map of Europe and North Africa with a red dot on Egypt. Below the map is a list of selected locations: '1 location' from Egypt and '2 locations' from Niger. At the bottom is a large button labeled 'ANALYSE SELECTED LOCATION'.

This screenshot shows the IAN RISC web application. On the left, a sidebar lists '2 COUNTRIES SELECTED' (Egypt and Algeria). The main area shows a map of Egypt with a red dot and the text 'POINT 0 LAT : 26.349 LONG : 29.487 COUNTRY : EGYPT'. Below the map are sections for 'Details' (population: 103M, soil type: LP) and 'Additional Information' (population: 103M, soil type: LP). To the right, there is a 'Suggested Actions' table with four rows of advice, each with a 'Risk' rating (e.g., 75%). Further to the right are 'Graphs' for 'GPP population' and 'AVG temperature' comparing Egypt and Algeria. A 'LINKS' section is at the bottom.

## Web-Service für Leute, die wollen die Wäscherei in der Nähe finden

People can find everything they need to clean their special clothes or target about their daily wash by giving request to service provider nearbyProvider function will help users connect.

QD0

## Main Idea

The main goal of this service is creating a washing community of every neighborhood, connecting two sides of the laundry process: laundries' and clients' by using this platform.

It's free and easy to find laundry, get to know about quality of service via customer-reviewed tracks in request. Full information about service provider with profile are available on the service. Global access control makes this service absolutely safe for request and payment.

Wireframes

To create convenient in-use service, our team has made marketing research of this business, created the architecture of website, design user flow and prototypes.

Wireframes and User stories were made in the development process to establish the basic structure of a page, demonstrate interface elements that will exist on key pages, demonstrate functionality and global usability of service, to let create iterations the development process and provide the client confidence that the page is catering to user needs whilst fulfilling the key business and project objectives.

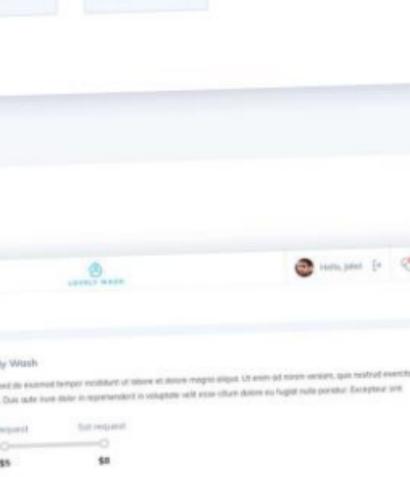

Desktop

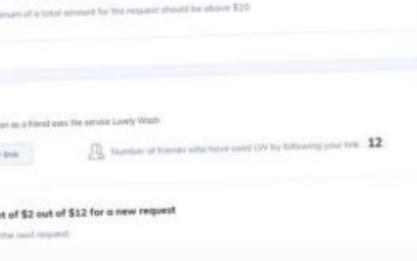

## Order step 1

Choosing clothes and services is simple. To let user do not forget anything, as soon as he chooses at least one item in category this category is marked with tick. To let provider about something regarding the clothes, client can add comments for each item. By reviewing the whole list of requested clothes on the right side, user can edit/remove some items on click on them.

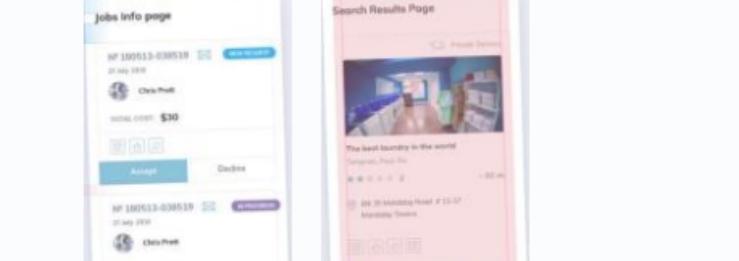

## Order step 2

Client and Provider have a reward program. Every client can receive the discount by using the service, self-delivery or inviting friends. This discount can be used on the step of completing the order at the same time with setting delivery options.

CREATING A BOTTLE:

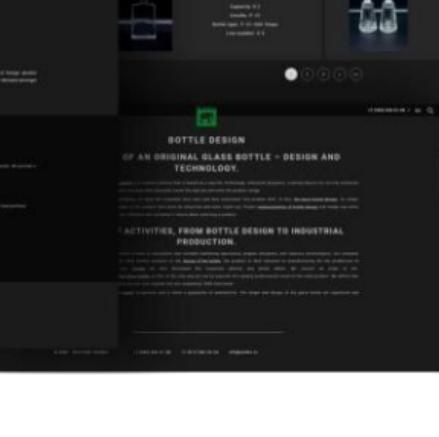

DESIGN AND TECHNOLOGY

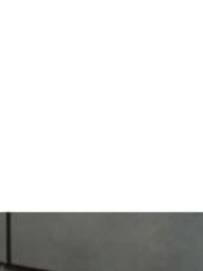

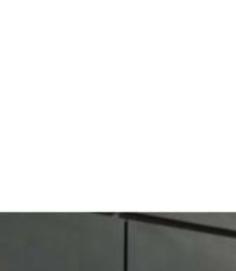

From design - in real life ,  
from sketch - in reality!

CREATING A BOTTLE  
DESIGN AND TECHNOLOGY

## OUR PRODUCTION

## OUR CATEGORIES

## DECORATIVE GLASS BOTTLE – IT IS AN ARTFORM!

How do you make the consumer's brand recall for your vodka, liqueur, wine, mineral water, tea, coffee, or any other of your original products?

Decorative glass bottles are the visual design of the bottle. The ability to design unique products and create a unique image for the brand lead to success.

We can help you to be successful in the difficult conditions of the FMCG market!

Decorative glass bottles are the visual design of the bottle.

The main task of the bottle is to create a pleasant effect. This is achieved by ergonomic and harmonious bottle, pure, and minimalist when displaying a new brand product to the consumer.

The most important thing is what kind of styling effects can be created by ergonomic and harmonious bottle, pure, and minimalist when displaying a new brand product to the consumer.

Our motto is: decorative glass bottles are the visual design of the bottle. "Slodes" has firmly occupied a niche and has been steadily increasing its share of the market.

These bottles are considered from 100% recycled glassware original ideas for millions of euros and high-end consumer packaging, down to the lowest minimum, adopted in the production of bottling lines.

## OUR SERVICES

### BOTTLE DESIGN

The design process is a creative process based on a specific decorative industrial technology. Industrial designers create objects for strictly utilitarian purposes, perform highly

# STARGAZER.

Only platform for performance and data-driven influencer campaigns.

The screenshot shows a campaign page for "Postmark" with a reward of \$230. It includes sections for "INFO" and "CONTENT". The "INFO" section contains the Postmark logo, a brief description, and a "GET INVITED" button. The "CONTENT" section displays a video thumbnail and a list of guidelines and dos/donts. Guidelines include creating a closet, making a YouTube video, and listing items. Dos/donts include avoiding pre-made and used makeup.

## Creator Funnel

## Wireframes

The wireframes show the user flow from logging in or signing up, through pending approval, to submitting content. The "Pending Approval" screen includes sections for "What we expect from you?", "What you get?", "Next Step?", and "Guidelines". The "Content Submission" screen shows a video thumbnail and a checklist of requirements for uploading content.

## Farbe Pallete

## Desktop

The desktop application features a sidebar with navigation links like "Sponsorships", "Advertiser", "Advertiser", and "Advertiser". The main area shows the "Account Summary" and "Sponsorships" pages. The "Account Summary" page includes sections for "PAYOUT METHODS", "TAX FORMS", and "PAYOUT METHODS". The "Sponsorships" page lists current and past campaigns, including one for "Postmark" with a reward of \$230.

CATALOG

The screenshot shows a search interface with fields for 'Название' (Name), 'Артикул' (Articul), 'Производитель' (Manufacturer), 'Код' (Code), 'Цена' (Price), 'Бренд' (Brand), and 'Категория' (Category). Below the search bar is a table with columns: Артикул (Articul), Название (Name), Производитель (Manufacturer), Код (Code), Цена (Price), Бренд (Brand), and Категория (Category). The table contains numerous rows of product information.

PRODUCT PAGE

This screenshot displays a detailed product page for 'Универсальная бумага Colotech Plus Gloss Coated 120 SR A3 (Нетканый вид)'. It includes a main image of the product packaging, technical specifications, and a table of related products. The table has columns: Артикул (Articul), Название (Name), Цена (Price), Бренд (Brand), and Категория (Category).

FILTRATION

The filtration section features several dropdown menus and checkboxes for refining search results. Options include 'Only in stock', 'Filtration by transit', 'Filtration by currency', and 'Filtration by manufacturer'. There are also sections for 'Выбор производителя' (Select manufacturer) and 'Выбор дистрибутора' (Select distributor), each with their own dropdown menus.

CLASS

The classification section lists various product categories: БЫТОВАЯ ТЕХНИКА (Household Appliances), ТЕЛЕВИЗОРЫ И АКСЕССУАРЫ (Televisions and accessories), АУДИОВИДЕОТЕХНИКА (Audio-video equipment), АВТОМОБИЛЬНАЯ ТЕХНИКА И ЭЛЕКТРОНИКА (Automotive equipment and electronics), МОБИЛЬНАЯ СВЯЗЬ (Mobile communication), and other categories like СИСТЕМЫ И ПРИСПОСОБЛЕНИЯ (Systems and tools), АКСЕССУАРЫ ДЛЯ ОБРАБОТКИ МАТЕРИАЛА (Accessories for material processing), and АКСЕССУАРЫ ДЛЯ ОБРАБОТКИ МАТЕРИАЛА (Accessories for material processing).

ULTRACONS

FARBEN

The Farben page features a table with columns: Артикул (Articul), Название (Name), Цена (Price), and Бренд (Brand). The table contains six rows of color swatches. Above the table is a diagram illustrating the color selection process, showing a person interacting with a computer screen displaying a color palette.

INTERACTIVE FOOTER

The interactive footer includes a form for sending a message. Fields include 'Сообщение' (Message), 'Кому' (To whom), 'Сообщение' (Message), and 'Прикрепить файл' (Attach file). Below the form is a diagram showing a person interacting with a computer screen displaying a communication interface.
